Home:

The screenshot shows the LESSON LOGS home page. At the top is a navigation menu with links: Home, Add Practice Log, Edit Practice Log, Lesson Grades, Edit Profile, and Logout. Below the menu is a calendar for January 2007. To the right of the calendar are two comparison boxes: 'Practice Time' with fields for 'Total' and 'Weekly' (in minutes/hours) and 'Rank in Grade' with fields for 'vs. All Band Members' and 'vs. other:'. Below these is a 'Current Teacher Information' box listing: Teacher: Mr. Assimacopoulos, Phone: [blank], Email: cassim@district16.org.

Brings you to the page you see here. This shows you your monthly practice, total practice, and weekly practice. It will also allow you to see how you compare to the students in your band and in your section.

You will enter the start and end time of your practice session here. You will also account for what you practiced. Place a check in the box(es) of the category that you spent time practicing and type what you did in that category. You will also be able to leave comments for your teacher here.

Expectations:

You will use this website along with you practice sheet for the third quarter. If you do not have access to the web at home, we will provide time in school to complete your lesson logs. We are "piloting" this project, which means you are the first to use it. We want your feedback and your comments as we progress through the quarter. This website will eventually replace our paper system and give us much more valuable information about your work at home. **For this quarter, we will use both the paper AND internet system.** You will also get much more valuable feedback as we add features to it. Please be positive and helpful in order that we receive the most accurate sample of this project.

Parents: Please sign and detach the piece of paper below.

✍️-----

I have read and understand the information about Lesson Logs. I have discussed how we will record practice time with my child. I understand that my child will continue to record practice on a practice chart as usual in addition to supporting practice at home by ...

- ... encouraging my child to log onto Lesson Logs from a home computer after he/she practices.
- ... encouraging my child use a school computer provided in the music department at regular times to record practice time.
